

QV-215N DATASHEET

Heavy-duty design adapted for crowded places and hard usage. The body is made of steel. 21.5" vertical vandal-proof touch LCD screen covered with tempered glass. The printer position has been chosen to prevent the client from bending. It offers the possibility to cut the ticket with a partial cut to prevent the ticket from falling in case the client does not catch or notice it.

*QV-215N: Suitable to use with (Full edition 215),

*- 80mm Panel Thermal printer.

*- QR reader / Contactless RFID card reader
Optional.
